Materials Safety
Administration**

June 03, 2024

1200 New Jersey Avenue, SE
Washington, DC 20590

DOT-SP 16429
(FOURTH REVISION)

EXPIRATION DATE: 2028-04-30

(FOR RENEWAL, SEE 49 CFR 107.109)

1. GRANTEE: Construction Helicopters, Inc.
Howell, MI
FAA Certificate Number: JTAL383F (Part 133)
2. PURPOSE AND LIMITATION:
 - a. This special permit authorizes the transportation in commerce of certain hazardous materials by 14 CFR Part 133 Rotorcraft External Load Operations transporting hazardous materials attached to or suspended from an aircraft. Such transportation is in support of construction operations when the use of cranes or other lifting devices is impracticable or unavailable, without being subject to certain hazard communication requirements and quantity limitations. This special permit provides no relief from the Hazardous Materials Regulations (HMR) other than as specifically stated herein. The most recent revision supersedes all previous revisions.
 - b. The safety analyses performed in the development of this special permit only considered the hazards and risks associated with the transportation in commerce.
 - c. No party status will be granted to this special permit.
3. REGULATORY SYSTEM AFFECTED: 49 CFR Parts 106, 107 and 171-180.

Tracking Number: 2024034736

4. REGULATIONS FROM WHICH EXEMPTED: 49 CFR § 172.101 Hazardous Materials Table Column (9B) in that the article or device may exceed a maximum net quantity of 450 kg, 172.200 in that shipping papers are waived, 172.301(c) and 172.302(c) in that marking the special permit number on each package is waived, 175.30 in that an alternative inspection method is authorized.
5. BASIS: This special permit is based on the application of Construction Helicopters, Inc. dated March 18, 2024, submitted in accordance with § 107.109.
6. HAZARDOUS MATERIALS (49 CFR 172.101):

Hazardous Materials Description			
Proper Shipping Name	Hazard Class/ Division	Identification Number	Packing Group
Refrigerating machines, <i>containing non-flammable, non-toxic, liquefied gas or ammonia solution (UN2672)</i>	2.2	UN2857	N/A

7. SAFETY CONTROL MEASURES:
- a. PACKAGING: Prescribed packagings must comply with Subpart B of Part 173 and § 173.306(e).
- b. OPERATIONAL CONTROLS:
- (1) Prior to attaching the refrigerating machines to an aircraft, each refrigerating machine must be inspected by a trained and qualified person for leaks, corroded or abraded areas, dents, distortions, weld defects, or other conditions that may render the refrigerating unsafe for transportation.
- (2) Materials transported by external load must comply with the safety controls specified in this special permit.
- (3) Alternative pilot-in-command notification procedures for 49 CFR Part 175.33, may be established subject to the written approval of the FAA Office of Hazardous Materials Safety.

(4) Crew notification must be conducted prior to each external load operation conducted under the terms of this special permit. The crew must be notified of the type and quantities of hazardous materials to be transported under the terms of this special permit.

(5) The public must be excluded by local authorities and emergency responders must be notified in advance of each external load operation conducted under the terms of this special permit.

(6) Each external load operation conducted under the terms of this special permit is only authorized in support of construction operations when the use of cranes or other lifting devices is impracticable or unavailable.

8. SPECIAL PROVISIONS:

a. The requirements for shipping papers in Subpart C of Part 172 are waived.

b. Each package must be properly marked and labeled for the hazardous materials contained within.

c. The marking requirements in 49 CFR 172.301(c) are waived.

d. All packages must be blocked and braced to prevent movement.

e. This special permit does not grant the authority to use foreign controlled airspace or airports outside the United States.

f. This special permit does not waive any FAA airworthiness requirements or the need to obtain other required FAA authorizations.

9. MODES OF TRANSPORTATION AUTHORIZED: Rotorcraft External Load Operations.

10. MODAL REQUIREMENTS: A current copy of this special permit must be carried aboard each aircraft used to transport packages covered by this special permit.

a. Authorized aircraft. Aircraft used under this special permit must be authorized as part of an FAA 14 CFR Part 133 Operating Certificate.

b. Operations manual. FAA 14 CFR Part 133 operations must be conducted in accordance with conditions and limitations specified in the certificate holder's FAA-approved Rotorcraft Load Combination Flight Manual (RLCFM) and Hazardous Material Safety Mitigation Plan.

- c. Authorized persons aboard aircraft. No person may be carried on the aircraft other than as authorized by 14 CFR 133.35.
 - d. Pilot requirements: The operator of the aircraft must ensure that each pilot of an aircraft being operated under this special permit has received formal training on the requirements of 49 CFR Parts 171-175 that are applicable to his duties and be thoroughly familiar with the specific requirements of this special permit.
 - e. Operations under the terms of this special permit must be conducted in accordance with the Congested Area Plan approved by the FAA.
11. COMPLIANCE: Failure by a person to comply with any of the following may result in suspension or revocation of this special permit and penalties prescribed by the Federal hazardous materials transportation law, 49 U.S.C. 5101 et seq:
- o All terms and conditions prescribed in this special permit and the Hazardous Materials Regulations, 49 CFR Parts 171-180.
 - o Persons operating under the terms of this special permit must comply with the security plan requirement in Subpart I of Part 172 of the HMR, when applicable.
 - o Registration required by § 107.601 et seq., when applicable.

Each "Hazmat employee", as defined in § 171.8, who performs a function subject to this special permit must receive training on the requirements and conditions of this special permit in addition to the training required by §§ 172.700 through 172.704.

No person may use or apply this special permit, including display of its number, when this special permit has expired or is otherwise no longer in effect.

Under Title VII of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU)—“The Hazardous Materials Safety and Security Reauthorization Act of 2005” (Pub. L. 109-59), 119 Stat. 1144 (August 10, 2005), amended the Federal hazardous materials transportation law by changing the term “exemption” to “special permit” and authorizes a special permit to be granted up to two years for new special permits and up to four years for renewals.

12. REPORTING REQUIREMENTS: Shipments or operations conducted under this special permit are subject to the Hazardous Materials Incident Reporting requirements specified in 49 CFR §§ 171.15 Immediate notice of certain hazardous materials incidents, and 171.16 Detailed hazardous materials incident reports. In addition, the grantee(s) of this special permit must notify the Associate Administrator for Hazardous Materials Safety, in writing, of any incident involving a package, shipment or operation conducted under terms of this special permit.

Issued in Washington, D.C.:

for William Schoonover
Associate Administrator for Hazardous Materials Safety

Address all inquiries to: Associate Administrator for Hazardous Materials Safety, Pipeline and Hazardous Material Safety Administration, U.S. Department of Transportation, East Building PHH-13, 1200 New Jersey Avenue, Southeast, Washington, D.C. 20590.

Copies of this special permit may be obtained by accessing the Hazardous Materials Safety Homepage at <https://www.phmsa.dot.gov/approvals-and-permits/hazmat/special-permits-search>. Photo reproductions and legible reductions of this special permit are permitted. Any alteration of this special permit is prohibited.
