

U.S. Department  
of Transportation

**Pipeline and Hazardous  
Materials Safety  
Administration**

**April 17, 2025**

1200 New Jersey Avenue, SE  
Washington, DC 20590

**DOT-SP 21880  
(FIRST REVISION)**

1. **GRANTEE:** (See individual authorization letter)
2. **PURPOSE AND LIMITATION:**
  - a. This special permit authorizes the transportation in commerce of non-DOT specification non-bulk packagings containing the hazardous materials specified in paragraph 6. This special permit provides no relief from the Hazardous Materials Regulations (HMR) other than as specifically stated herein. The most recent revision supersedes all previous revisions.
  - b. The safety analyses performed in the development of this special permit only considered the hazards and risks associated with the transportation in commerce.
  - c. Unless otherwise stated herein, this special permit consists of the special permit authorization letter issued to the grantee together with this document.
3. **REGULATORY SYSTEM AFFECTED:** 49 CFR Parts 106, 107 and 171-180.
4. **REGULATIONS FROM WHICH EXEMPTED:** 49 CFR § 173.202 in that non-specification packaging is authorization, as specified herein.
5. **BASIS:** This special permit is based on the application of U.S. Department of Energy dated October 15, 2024, submitted in accordance with § 107.105 and the public proceeding thereon.

Tracking Number: 2024104503

6. HAZARDOUS MATERIALS (49 CFR 172.101):

| Hazardous Materials Description |                           |                       |               |
|---------------------------------|---------------------------|-----------------------|---------------|
| Proper Shipping Name            | Hazard Class/<br>Division | Identification Number | Packing Group |
| Corrosive liquids, toxic, n.o.s | 8                         | UN2922                | II            |

7. SAFETY CONTROL MEASURES:a. PACKAGING:

(1) The packagings prescribed are non-DOT Specification Non-Bulk Performance-Oriented Packagings described as Small Material Transport Tanks (SMTT) and Large Material Transport Tanks (LMTT). Packagings must be designed and testing in accordance with the application on file with the Office of Hazardous Materials Safety (OHMS).

(2) Each SMTT and LMTT shall be fixed inside an impact absorbing dolly cage, bolted to a ¼ inch thick stainless-steel catch pan, and strapped to a carbon steel pallet.

b. TESTING:

(1) Each packaging authorized in paragraph 7 (a) must be leak tested in accordance with ANSI N14.5-2014 per drawing DD-0012 and per SPC Section 4.14.5.8 prior to being filled with hazardous materials.

(2) After the leak test if the SMTT or LMTT is discovered to have a failed, the packaging will not be used until the repair has been completed.

c. MARKING: The outside of each package must be marked "DOT SP-21880".d. OPERATIONAL CONTROLS:

(1) After loading each SMTT or LMTT offered under terms of this special permit shall be backfilled with at least 99.99% pure argon to a pressure less than 15 psig as shown on the tank's pressure gauge.

- (2) Only one SMTT or LMTT is authorized on the motor vehicle per offering and no other hazardous material(s) shall be loaded as part of the consignment or onboard the motor vehicle.
- (3) Each SMTT or LMTT will be used only once and then disposed of in accordance with applicable laws and regulations.
- (4) Transportation is authorized of a loaded SMTT or LMTT from the loading facility to the Y-12 National Security Complex (Y-12). The transportation of the SMTT or LMTT, with residual material, is authorized to the disposal facility.
- (5) The SMTT or LMTT must be transported in a closed vehicle with team drivers under exclusive transport instructions, which are detailed in the shipment plan described in paragraph 7.d.(7) below.
- (6) The packagings identified in paragraph 7.a. above must be properly secured, blocked, and braced to prevent shifting under conditions normally incident to transportation.
- (7) Each SMTT or LMTT will be transported in accordance with the shipment plan titled: "Y-12 NATIONAL SECURITY COMPLEX (Y-12) SMALL MATERIAL TRANSFER TANK (SMTT) AND LARGE MATERIAL TRANSFER TANK (LMTT) SHIPMENT PLAN" on file with the Office Hazardous Materials Safety's Approvals and Permits Branch.
- (8) The drivers of the motor vehicle must have the capability to contact the appropriate emergency response organizations in the event of an accident or an emergency involving the hazardous materials being transported.

8. SPECIAL PROVISIONS:

- a. A person who is not a holder of this special permit who receives a package covered by this special permit may reoffer it for transportation provided no modification or change is made to the package or its contents and it is reoffered for transportation in conformance with this special permit and the HMR.
- b. A current copy of this special permit must be maintained at each facility where the package is offered or reoffered for transportation.

9. MODES OF TRANSPORTATION AUTHORIZED: Motor vehicle.

10. MODAL REQUIREMENTS: A current copy of this special permit must be carried aboard each motor vehicle used to transport packages covered by this special permit.

11. COMPLIANCE: Failure by a person to comply with any of the following may result in suspension or revocation of this special permit and penalties prescribed by the Federal hazardous materials transportation law, 49 U.S.C. 5101 et seq:
- o All terms and conditions prescribed in this special permit and the Hazardous Materials Regulations, 49 CFR Parts 171-180.
  - o Persons operating under the terms of this special permit must comply with the security plan requirement in Subpart I of Part 172 of the HMR, when applicable.
  - o Registration required by § 107.601 et seq., when applicable.

Each "Hazmat employee", as defined in § 171.8, who performs a function subject to this special permit must receive training on the requirements and conditions of this special permit in addition to the training required by §§ 172.700 through 172.704.

No person may use or apply this special permit, including display of its number, when this special permit has expired or is otherwise no longer in effect.

Under Title VII of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) —“The Hazardous Materials Safety and Security Reauthorization Act of 2005” (Pub. L. 109-59), 119 Stat. 1144 (August 10, 2005), amended the Federal hazardous materials transportation law by changing the term “exemption” to “special permit” and authorizes a special permit to be granted up to two years for new special permits and up to four years for renewals.

12. REPORTING REQUIREMENTS: Shipments or operations conducted under this special permit are subject to the Hazardous Materials Incident Reporting requirements specified in 49 CFR §§ 171.15 - Immediate notice of certain hazardous materials incidents, and 171.16 - Detailed hazardous materials incident reports. In addition, the grantee(s) of this special permit must notify the Associate Administrator for Hazardous Materials Safety, in writing, of any incident involving a package, shipment or operation conducted under terms of this special permit.

Issued in Washington, D.C.:

for William Schoonover  
Associate Administrator for Hazardous Materials Safety

Address all inquiries to: Associate Administrator for Hazardous Materials Safety, Pipeline and Hazardous Material Safety Administration, U.S. Department of Transportation, East Building PHH-13, 1200 New Jersey Avenue, Southeast, Washington, D.C. 20590.
